

1. Be sure to fold down the bottom flap before placing items in the bag and keep an eye on store clerks to make sure they do as well.
2. Never submerge under water. To clean, use a damp cloth or sanitizer wipe then allow to air-dry.
3. Avoid sharp objects such as scissors and razor blades which may puncture or slice the fabric.
4. Finally, don't be fooled by the size of these reusable bags. They hold more than most people expect!
